Our Approach

Experiential Learning Journey: We prioritize hands-on, interactive activities that transcend traditional rote learning, immersing students in real-world scenarios that challenge and inspire.

Collaborative Project Endeavors: Our curriculum is rooted in team-based projects, fostering a collaborative environment where students harness the power of collective intelligence to address pressing challenges.

Cultivating Critical Thinkers: Through our learner-centric approach, we design activities that not only engage but also stimulate critical thinking, empowering students to analyze, innovate, and lead with confidence and vision.

Our
Approach

KNOW YOUR PREVIOUS Harvard Mentors

Leadership bootcamp by Harvard mentors brings fresh and relatable perspectives to the workshop. These mentors are approachable and enthusiastic, breaking down age barriers to build strong connections with students. They are passionate about teaching and learning, evolving alongside participants throughout the program. Their guidance ensures an engaging and supportive environment, forming lasting mentorship bonds that extend beyond the workshop.

With tremendous enthusiasm for both teaching and learning, the teaching team constantly learns from the students, adapts to their interests and needs, and builds lasting relationships that continue after the program through formal and informal mentorship opportunities.

Engage Actively: Students are not passive learners; they actively engage, solve problems, and make decisions in their education.

Step into Real Scenarios: Case studies bridge theory and real-world application, enabling students to apply classroom knowledge to practical scenarios.

Boost Critical Thinking: Beyond comprehension, case studies involve analysis, solutions, and informed decision-making, honing critical and problem-solving skills.

Collaborate and Conquer: Often a group activity, case studies promote collaboration, effective communication, and teamwork.

Real-World Prep: Through these studies, students step into real-world challenges, prepping them for future leadership positions.

Navigate the Gray Zones: In the real world, not everything is black and white. Case studies, often without clear solutions, teach students to navigate gray areas with poise.

Case Studies at Leadership Bootcamp by Harvard Mentors

Harvard Professors Gave Lectures To Students In the UAE

AUGUST 29, 2017

This year's edition of the Youth Lead the Challenge program (YLC) has ended this weekend in Dubai. 51 young adults from 19 schools in Abu Dhabi, Dubai, and Sharjah, had the rare chance to listen to lectures on leadership and entrepreneurship from Harvard Business School's professors.

Asked about his impression of the local youth, Harvard's Jonathan Iyamdemye replied:

“Students here are much more aware of the world around them and are a lot more receptive to new ideas than what we have come across in many other parts of the globe. And I think that's possible because of the cosmopolitan culture that the UAE has.
